Hi Shalini,

Thank you for the phone call and for providing this follow up email. I will get you this information as soon as possible. The engineering piece should be sent to you by tomorrow. I will be sure to CC Brian. Additional information will be sent later this week.

Thank you,

SHAWN JENSEN

Subject: AltaSea's Application, additional forms requested

Dear Shawn,

It was nice to get a quick status update on where you were for this project today. Please send the engineering related items to us earlier so we can begin reviews (please copy balviis@eda.gov). As discussed, please send the following documents, with the original (signed and dated versions) of the

signature pages for our files from both AltaSea and the co-applicant:

Form SF424 – Application
Assurances – Construction Programs – Standard Form 424D
Additional Assurances for Construction Programs - ED900 A
Certification Regarding Lobbying – Form CD511
Disclosure of Lobbying Activities – Form SF-LLL (I don't have this form in the file – please fill out even if you do not have a lobbyist)
Note that the Applicant Certification Clause must be signed and dated by both co-applicants and original document provided.

For the beneficiary information forms, please send the original signed versions of the ED900 B – for Blue Robotics and Catalina Sea Ranch. Support letters from the other listed beneficiaries, i.e. SeaTrec and PortTech LA would be awesome.

Looking forward to more information,

Sincerely,

Shalini Bansal
