Thank you Nympha. I've noted your below instruction. Tim McOsker is the CEO of AltaSea. I will have Tim and Jenny send a letter of authorization to you describing Glaser Weil's role and authority regarding the project.

Best,
Char

Subject: RE: AltaSea EDA Award Amendment Request

Hi Char,

Thank you, I received the original document thru FEDEX. It will be added to the action items lining up for our review, however, as discussed earlier today during your phone call to me, an estimate of the scope being added or modified is needed to evaluate the degree of change and to determine the appropriate action needed, please send them to EDA Seattle Office, Attn. to me.

BTW, you do not need to copy our legal counsel for future communication regarding this project. EDA project officer is the grant/project main point of contact, previously Brian Alvis, now myself. If legal action is required, we will handle it internally. Likewise, we also need to ensure we are communicating to the proper main point of contact from the grant recipient side. Our file still has "Ms. Jenny Krusoe as the main point of contact. You have mentioned in telephone conversations before and with the recently received letter that you are representing the grant recipient, however, I do not have any document stating this authorization and do not know the extent of scope of this authorization. I noticed you copied Tim in the email here, is he the PM of this project now? or is the Project Management services under your company – Glaser Weil? The original letter of request for project scope change and time extension was directly sent from Glaser Weil not Alta Sea, without

any Alta Sea contact copied. Please clarify, we need proper communication line and information for the record.

Thank you for your understanding and cooperation!

R/Nympha

Subject: AltaSea EDA Award Amendment Request

Nympha,
Please find the attached request for amendment to AltaSea's EDA Award. Below is a link to the enclosures, as the file size was too large to send over email. I'll also be sending a hard copy of the letter with a CD containing all enclosures for your review via fedex.

Enclosures can be found here:

https://www.sendthisfile.com/zQAvV2Y0VUOSUnKe9ZmjAMxh

Please let me know if you have any questions or need further information.

Best,
Char
