Shawn,
We are getting close to the funding cut-off for this year, I hope you have satisfied all of the EDA requirements by now.

Hi Shalini,

Thank you so much for providing the information below. We had a great event today, welcoming the E/V Nautilus to AltaSea where it will dock for the next seven months. Dr. Bob Ballard (President of Ocean Exploration Trust and the Nautilus) is in town and Jenny will be out of the office in meetings with him most of the week. We will get this back to you as soon as possible.

Thanks,
Shawn

Subject: Annenberg Foundation Match Documentation

Shawn,

Thanks for these last two emails.

I wanted to share that I spoke to the regional counsel regarding the match letter/documentation from the Annenberg Foundation. An email from the Annenberg Foundation staff with the following phrasing (someone at the project manager level) should be sufficient, "The Annenberg Foundation grant funds are available and can be used to commit matching funds for the proposed EDA project. " Also, if AltaSea already has the funds already, please write us sharing that "AltaSea has the matching funds for the proposed EDA project, and the funds are available and committed for the proposed project". The phrasing may change based on where the funds currently reside.

We cannot go to the next stage without such confirmation from the Annenberg Foundation. If you need more clarification, please call me.

Thanks,

Shalini
