Hi Char,

This week is really bad as we have IRC meeting on top of what I need to get out this week. I am available Tuesday or Wednesday next week. Let me know what time is best for you.

R/Nympha

Hi Nympha,

We are putting together our bid documents and specs for the Phase I of the Project. We have several questions about the Project Labor Compliance. Can we schedule a call to discuss this week? We are up against a tight timeline.

Thanks,
Char

Glaser Weil

Hi Nympha!

We are working toward putting together a bid package for our first phase of construction. This is the item we discussed a few weeks back regarding the Second Shore Power Connection, so that Research Vessels can plug into shore power while docking at AltaSea. A second connection will allow us to be able to accommodate more vessels and thus more economic activity at the site.

Attached to this email is our the single line electrical plans that we will be the basis for the bid package. Before we have our electrical engineer write specs, I was wondering if you could look at these drawings and approve them.

Thanks so much, we are available if you have questions.

Best,
Char

Subject: RE: Shore Power Drawings

Hi Nympha,

Please let us know if you need to discuss with us. We look forward to your approval of the design for the shower power project.

thanks
char

Subject: Shore Power Drawings

Hi Nympha!

We are working toward putting together a bid package for our first phase of construction. This is the item we discussed a few weeks back regarding the Second Shore Power Connection, so that Research Vessels can plug into shore power while docking at AltaSea. A second connection will allow us to be able to accommodate more vessels and thus more economic activity at the site.

Attached to this email is our the single line electrical plans that we will be the basis for the bid

package. Before we have our electrical engineer write specs, I was wondering if you could look at these drawings and approve them.

Thanks so much, we are available if you have questions.

Best,
Char

Glaser Weil
