Nympha,

Please allow me to introduce myself, my name is Char and I work with AltaSea at the Port of Los Angeles. As you may know Shawn Jensen has left and we have some questions and would like to re-start the conversation on our EDA grant.

I'd also like to introduce Karl Muller, who has taken over for Shawn, and re-introduce Keith Kaneko.

Our first question is:

1. In order to comply with the applicable Public Contracting codes what delivery method is required for the AltaSea scope of work?
2. What exactly is the process for permitting the work to be completed and to receiving reimbursements.

If you think it would be easier to do a call, please let us know some times. Thank you for your time and we look forward to working with you.

Best,
Char

Glaser Weil

Hi Nympha,

Thanks for getting back so quick! Let's do Thursday at 1pm if that still works. I can send around a dial in if that works for you?

Thanks again,
Char

Hi Krista,

Attached is the acknowledgement of the QPR period Dec 2017, Thank you for the timely reporting.

I know that Shawn had left your organization and mention you as the contact for the meantime, let us know who or if it is you who will be permanently going to be assigned as the PM for this project for the record.

Currently, in our record, Alta Sea was supposedly working on returning a complete documentation for EDA review of the special award condition – “Evidence of Good Title”, I am not sure now who is working or if that is being worked on still. Let me know.

Thank you!
