Dear Wil:

I believe that you are referring to a Joint Agreement that should be made between co-applicants to a grant. Attached are some instructions on what must be addressed in a joint agreement. Note that if the land to be developed is owned by the Port, a long-term lease may be required, or the Port may have to become a co-applicant.

Sincerely,

Shalini

Shannon,

Did I mis-lead Shawn???? I was discussing a MOU with the group while I was driving through the desert and I indicated to them that a MOU had to be developed between the non-profit and the city of LA since they would be developing on Port land. He like to deal with you so I suggested that you would be more than happy to have Brian or Shalini send him a sample MOU for a co-applicant use. I was not talking about the MOA.....I am on leave now but back in beautiful Los Angeles.

Hi Shawn,

Thanks for your call and email. Here's the MOA template and an example of a MOA prepared for a West Virginia project.

If the application is moved forward, then EDA would prepare the MOA. The SHPO, AltaSea, the Port, and possibly the Advisory Council on Historic Preservation would be signatories. If it is a fairly simple project, then we can use the attached form and our Regional Director could sign it. If it is a more complex project, then it would be sent to EDA HQ (the Deputy Assistant Secretary for Regional Affairs, I believe) for review and signature.

If you have any questions on the process or the form, please let me know. Thanks again, Shannon

Hi Shannon,

I just spoke with Wil about our EDA application and we discussed an MOU we will have to create with the Port of Los Angeles. He stated that I could ask you for a template or something to that effect and mentioned that "a" Brian could help as well. Please give me a call at your convenience to discuss. 424-210-4326 or on my cell at (b) (6).

Thank you,
