

**ECONOMIC DEVELOPMENT ADMINISTRATION  
EDA CONSTRUCTION SITE SIGN**

- The EDA-approved sign must be erected at the project location as soon as possible after construction begins. Evidence of this must be provided to the Regional Office Project Engineer (digital photos will suffice).
- Below are sign specifications for construction projects funded through:
  - **America Rescue Plan Act (ARPA) funds and other special programs as directed by EDA**
  - **EDA construction program funds (e.g. Public Works, EAA Construction)**
    - *Not sure which sign applies to your project? Please contact your EDA Project Engineer*
- The space labeled “EDA Grant Recipient Name” on the EDA sign must be replaced by the actual name of the EDA Grant Recipient.
- Below are some available files that can be provided to the contractor or sign-maker.
  - **EDA Construction Site Sign Useful Files for ARPA Projects and other special programs as directed by EDA**
