Applying for Recompete
Step 0 – Is this right for you?

- Are you an eligible entity? → Check the list of eligible applicants
- Are you located in or connected to an eligible area? → Explore the Mapping Tool for geographic eligibility
- Which are you applying to—Strategy Development Grant, Recompete Plan approval, or both? → Read through the Notice of Funding Opportunity to learn more about the program.

Not sure? Email your local Economic Development Representative or the Recompete Program Office at Recompete@eda.gov
Step 1 – Determine if you will apply as a coalition or as a single organization

If coalition:
• Make sure all members are one of the eligible entities
• Determine which organization will serve as Lead Applicant

If single organization:
• Your organization will serve as Lead Applicant

Note: Coalition membership may change between Phase 1 and 2 – members added in EDGE do not need to be comprehensive at this stage.

By statute, eligible entities for the Recompete program include:
1. a unit of local government;
2. the District of Columbia;
3. a territory of the United States;
4. a Tribal government;
5. political subdivision of a State or other entity, including a special-purpose entity engaged in economic development activities;
6. a public entity or nonprofit organization, acting in cooperation with the officials of a political subdivision of a State or other entity described in the previous bullet;
7. an economic development district; and
8. a coalition of any of the specified entities described above which serve or are contained within the same eligible area.

Applicants must be one of the above eligible entity types and be located within or serve an area indicated as eligible on the Mapping Tool (or provide data showing eligibility if the geography is not reflected in the Mapping Tool). Applicants should be able to represent and act on behalf of the eligible area.
Lead Applicants are required to: (i) be registered in SAM; (ii) provide a valid unique entity identifier (UEI) in the application (The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov); (iii) make certain certifications (see section H.5 of the NOFO); and (iv) continue to maintain an active SAM registration with current information at all times during which they have an active federal award, or an application or plan under consideration by a federal awarding agency.

If your organization has not previously registered, please do this as soon as possible on https://sam.gov/content/home

Letters of Support – Required for Both

NOFO page 9:

• "EDA expects letters of support from regional organizations necessary for success—specifically, targeted employers, labor unions, education and training systems, philanthropy, and nonprofit organizations that can support wraparound services e.g., child/long-term care, onsite health services, transportation assistance) and other needs.

• **EDA considers quality of letters more than sheer volume:** An exhaustive list of all relevant organizations is not necessary to win a Strategy Development Grant or receive approval of a Recompete Plan. The primary focus in Phase 1 is for applicants to demonstrate they understand local needs and assets and have a clear sense of the relevant stakeholders necessary for success.

• **If the applicant is a coalition: There should also be one letter from the coalition lead member that lays out that member’s role."**

Please see the full NOFO for more guidance on Letters of Support.
