EXAMPLE PROJECT

In FY2023, EDA awarded **\$3,126,336 in Economic Adjustment Assistance - Assistance to Coal Communities funds to support the Business Development Corporation of the Northern Panhandle (BDC)** with making infrastructure improvements to support expansion of the Beech Bottom Industrial Complex in Weirton, West Virginia. The project work includes upgrading the electrical service, installing solar panels, and making storm drain improvements.

“This is the kind of transformative development that speaks to and fulfills West Virginia University’s land-grant mission to advance innovation and attract new investments to the entire state. This work with the Coalfield Development Corporation has the potential to be an economic sea change for West Virginia.”

Gordon Gee, WVU President

The EDA data provided herein should be viewed as a snapshot of the data available at the time of the data request and are subject to any changes, or updates as reflected within future reports and data requests. This includes, but is not limited to, revisions to the number, dollar amount, program classification and estimated impacts of specific grant awards.

All data as of 2/23/2024; State totals are based on the location of the grantee; All dollar amounts rounded.

1 Applicant estimated at the time of award.

2 Projects may be counted multiple times across themes if they align to multiple themes.

3 Projects are identified as benefitting communities highly dependent on the coal industry, including those funded via the Assistance to Coal Communities program.
