# **2021 BUILD TO SCALE PROGRAM**

Notice of Funding Opportunity

# **U.S. ECONOMIC DEVELOPMENT ADMINISTRATION**

# Office of INNOVATION and ENTREPRENEURSHIP

#### **EXECUTIVE SUMMARY**

Federal Awarding Agency Name	U.S. Economic Development Administration (EDA), U.S. Department of Commerce (DOC)				
Funding Opportunity Title	2021 Build to Scale Program				
Announcement Type	2021 Notice of Funding Opportunity (NOFO) publishing EDA's application submission requirements and review procedures for applications received under EDA's Build to Scale Program, through which EDA awards grants for activities designed to develop and support regional innovation initiatives, as authorized by section 27 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. § 3722).				
Funding Opportunity Number	EDA-HDQ-OIE-2021-B2S				
Catalog of Federal Domestic Assistance (CFDA) Number(s)	11.024 Build to Scale				
Key Dates	The application deadline is <u>11:59 P.M. EASTERN TIME ON THURSDAY, APRIL 29,</u> <u>2021</u> . Applications received after this deadline will not be reviewed or considered. Applications will only be accepted electronically through <u>http://www.grants.gov</u> (Grants.gov). Applicants are advised to carefully read the application submission information provided in section D (p. 7) of this NOFO.				
Funding Opportunity Description	<ul> <li>EDA's Office of Innovation &amp; Entrepreneurship is committed to furthering tech-based economic development initiatives that accelerate high quality job growth, create more economic opportunities, and support the future of the next generation of industry leading companies. Funding is available for organizations that aid companies in developing the next generation of technologies. Under the Build to Scale Program, EDA is soliciting applications for two separate competitions:</li> <li>the 2021 Venture Challenge and</li> <li>the 2021 Capital Challenge.</li> </ul>				
Cost Sharing and Matching	Applicants must provide matching share equal to at least 50 percent of the total project cost; i.e., applicants must match each dollar requested with at least one dollar of applicant match. See section C.2 (p.6) of this NOFO.				
Eligible Applicants	<ul> <li>Eligible applicants for EDA financial assistance under this NOFO include: <ul> <li>A State;</li> <li>An Indian tribe;</li> <li>A city or other political subdivision of a State;</li> <li>An entity whose application is supported by a State or a political subdivision of a State and that is— <ul> <li>a nonprofit organization,</li> <li>an institution of higher education,</li> </ul> </li> </ul></li></ul>				

	<ul> <li>a public-private partnership,</li> <li>a science or research park,</li> <li>a Federal laboratory,</li> <li>a venture development organization, or</li> <li>an economic development organization or similar; or</li> </ul>					
	<ul> <li>A consortium of any of the immediately aforementioned entities.</li> <li>EDA is not authorized to provide grants or cooperative agreements to individuals under this Program. Requests from individuals will not be considered for funding.</li> </ul>					
Informational Webinar	EDA plans to conduct an informational webinar for this NOFO and expects to make available scheduling information and a link to a recording at <a href="https://www.eda.gov/oie/">https://www.eda.gov/oie/</a> .					
Award Notification	Subject to the availability of funding, successful applicants should expect to receive grant award notification approximately 60-90 days following the application deadline set forth in this NOFO.

# A. PROGRAM DESCRIPTION

#### 1. Overview

EDA is committed to furthering technology-based economic development initiatives that accelerate high quality job growth, create more economic opportunities, and support the future of the next generation of industry leading companies. To advance these goals, EDA's Office of Innovation & Entrepreneurship awards grants through the Build to Scale Program for activities designed to develop and support regional innovation initiatives.<sup>1</sup> EDA thereby advances the growth of connected, innovation-centric economies that increase job growth, enable the workforce of tomorrow, enhance global competitiveness, and foster global competitiveness through technology commercialization and entrepreneurship as described in section 27 of the Stevenson-Wydler Technology Innovation Act of 1980 (hereafter "Section 27").

The Build to Scale Program invites organizations that are aiding companies in developing the next generation of technologies to apply for funding. These organizations may be operating initiatives to unlock investment capital across a region or sector, operating programs to accelerate company growth, empowering the next generation of entrepreneurs, and/or enabling technology commercialization.

Under the Build to Scale Program, EDA is soliciting applications for two separate competitions: (1) the Venture Challenge and (2) the Capital Challenge. Applicants may apply to both Challenges but may only submit one application per Challenge. As discussed further below, both Challenges are designed to develop and support regional innovation initiatives. This NOFO does not include an Industry Challenge, however an Industry Challenge may return in future Build to Scale Program NOFOs.

Awards made under either Challenge may only fund operational and programmatic costs related to developing and supporting regional innovation initiatives. Award funds may not be transferred directly to companies (i.e., startups and individuals) being served by the applicant organization, and award funds may not be used to subsidize such companies' expenses that are unrelated to program activities, including general operating expenses.

#### 2. Program Information

#### i. Venture Challenge

The Venture Challenge invites organizations to submit competitive proposals that seek to support entrepreneurship and accelerate company growth in their community, region, or combination of regions. Competitive proposals will outline how the project will strengthen economic competitiveness through new product innovation or new technology adoption, enhancing research commercialization processes and outcomes, remediating structural barriers that inhibit regional innovation capacity and resilience, and/or leveraging regional competitive strengths to stimulate innovation and job creation. Companies served by the applicant organization should be challenging the status quo of established markets, commercializing technologies, and furthering job creation within their businesses. Applicants should provide evidence that illustrates how funds leveraged through this competition will not only launch new programming and/or scale

<sup>&</sup>lt;sup>1</sup> Stevenson-Wydler Technology Innovation Act of 1980, Section 27(a)(2) defines regional innovation initiatives as geographically-bounded public or nonprofit activities or programs that address issues in local innovation systems in order to: (A) increase the success of innovation driven industry; (B) strengthen the competitiveness of industry through new product innovation and new technology adoption; (C) improve the pace of market readiness and overall commercialization of innovative research; (D) enhance the overall innovation capacity and long-term resilience of the region; (E) leverage the region's unique competitive strengths to stimulate innovation; and (F) increase the number of full-time equivalent employment opportunities within innovation-based business ventures in the geographic region.

existing programming, but also generate sustainable added value for the region's entrepreneurial ecosystem by augmenting existing regional assets for innovation and entrepreneurship.

The Venture Challenge is a single competition but is comprised of two funding levels: Build and Scale. Venture Challenge Build applicants may not request in excess of \$750,000 over the three-year period of performance. Venture Challenge Scale applicants must request more than \$750,000 and may not request in excess of \$1,500,000 over the three-year period of performance.

#### Venture Challenge Build applicants:

- May be piloting a solution to a demonstrated need
- May be implementing a proven solution for a new region or community
- Demonstrate a commitment and ability to collect agreed upon impacts
- Request may not exceed \$750,000 over a 3-year project period
- Provide a 1:1 match

#### Venture Challenge Scale applicants:

- May be scaling an existing initiative that has established and achieved impacts
- · Have a proven track record of successful deployment of programs
- Demonstrate a commitment and ability to collect agreed upon impacts
- Request must be greater than \$750,000 and may not exceed \$1,500,000 over a 3-year project period
- Provide a 1:1 match

Examples: Organizations interested in applying to the Venture Challenge are encouraged to review project profiles of past awardees of the 2020 Venture Challenge or i6 Challenge (the predecessor to the Venture Challenge), at <a href="https://www.eda.gov/oie/historical/">https://www.eda.gov/oie/historical/</a>.

#### ii. Capital Challenge

The Capital Challenge provides operational support for the formation, launch, or scale of investment funds that seek to invest their capital in scalable startups (i.e., venture funds, seed funds, angel funds) or to organizations with a goal to expand capital deployment within a community, region, or regional industry (i.e., angel networks or investor training programs). Funding will primarily support operational and programmatic costs and may not be used as investment capital.

#### Capital Challenge applicants should:

- Practice equity-based investing, whether through traditional or hybrid models, or be supporting an initiative whose participants practice equity-based investing (in contrast to debt-based investing, which is not supported under the Capital Challenge)
- Evaluate companies for high-growth potential as a central factor of their investment strategy
- Utilize grant funds to catalyze the deployment of capital within their region and/or related regions
- Demonstrate a commitment and ability to collect agreed upon impacts
- Request may not exceed \$400,000 over a 3-year project period
- Provide a 1:1 match

Examples: Organizations interested in applying to the Capital Challenge are encouraged to review project profiles of past awardees of the 2020 Capital Challenge or Seed Fund Support competition (the predecessor to the Capital Challenge), at <a href="https://www.eda.gov/oie/historical/">https://www.eda.gov/oie/historical/</a>.

# 3. Statutory Authority

The statutory authority for the Build to Scale Program is section 27 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. § 3722). The regulations governing the Build to Scale Program are located at subparts A and B of 13 C.F.R. part 312.

# B. FEDERAL AWARD INFORMATION

# 1. Available Funding Under this Announcement

EDA has been appropriated \$38 million for grants authorized by Section 27 pursuant to the Consolidated Appropriations Act, 2021.<sup>2</sup> The funding periods and funding amounts referenced in this notice are subject to the availability of funds at the time of award as well as to DOC and EDA priorities at the time of award. DOC and EDA will not be held responsible for application preparation costs. Publication of this announcement does not obligate DOC or EDA to make any specific grant award or to obligate all or any part of available funds.

Subject to the availability of funding and based on applications received, EDA expects to make awards under this NOFO as follows:

# i. Venture Challenge

EDA plans to award approximately **\$32,000,000** under the 2021 Venture Challenge. The maximum federal share of each Venture Challenge Build award is \$750,000; the maximum federal share of each Venture Challenge Scale award is \$1,500,000. EDA plans to award approximately \$12,000,000 to Venture Challenge Build applicants and approximately \$20,000,000 to Venture Challenge Scale applicants.

# ii. Capital Challenge

EDA plans to award approximately **\$6,000,000** under the 2021 Capital Challenge. The maximum federal share of each Capital Challenge award is \$400,000.

# 2. Type of Funding Instrument Used; Period of Performance

Under this NOFO, EDA may award grants to eligible applicants to support project activities. Periods of performance are dependent on the type of project and the scope of work of the grant award. See section F.1 (p. 25) of this NOFO for award notification information. For both competitions, EDA anticipates awards will typically have an initial period of performance of approximately three (3) years with an anticipated start date of October 1, 2021.

EDA expects all projects to proceed efficiently and expeditiously, and EDA expects applicants to document clearly in their applications a reasonable and appropriate timeline that includes the start and completion dates of the proposed scope of work. As a condition of their respective awards, grantees will be required to provide timely periodic progress reports and performance data as set forth in section F.3 (p. 26).

# C. ELIGIBILITY INFORMATION

# 1. Eligible Applicants

Entities that are eligible for funding include:

• a State;

<sup>&</sup>lt;sup>2</sup> Public Law 116-260, Title 1 of Division B, 134 Stat. 1182 (December 27, 2020).

- an Indian tribe;
- a city or other political subdivision of a State;
- an entity whose application is supported by a State or a political subdivision of a state and that is
  - o a nonprofit organization;
  - o an institution of higher education;
  - o a public-private partnership;3
  - a science or research park;
  - a Federal laboratory;
  - o a venture development organization4; or
  - o an economic development organization or similar entity5; or
- a consortium of any of the immediately aforementioned entities.

EDA is not authorized to provide grants to individuals under this NOFO, and such requests will not be considered for funding.

Organizations that are or plan to be operating *within* the period of performance of a previously-awarded grant for the Venture Challenge, Industry Challenge, or i6 Challenge (the predecessor to the Venture Challenge) are not eligible for a 2021 Venture Challenge grant. Correspondingly, organizations that are or plan to be operating *within* the period of performance of a previously-awarded grant for the Capital Challenge or Seed Fund Support (the predecessor to the Capital Challenge) are not eligible for a 2021 Capital Challenge grant.

# 2. Cost Sharing or Matching

The minimum required match for both Challenges is 1:1. Applicants must demonstrate at the time of the application a matching share of at least 50 percent of the total project cost; i.e., for every dollar of federal funds requested, applicants must demonstrate a commitment of at least one dollar of matching share. Funds from other federal financial assistance awards can serve as matching share funds only if

<sup>&</sup>lt;sup>3</sup> For the purposes of the Build to Scale program, EDA defines a public-private partnership as a relationship formalized by contractual agreement between a public agency and a private-sector entity that reasonably defines the terms of collaboration in the delivery and financing of a public project. EDA will typically review agreements for items such as the purpose and objectives of the partnership, the binding/contractual nature of the relationship, the duties and responsibilities of each party, and the duration of the agreement. The scope of the relationship documented in the agreement may be limited to the proposal set forth in a given partnership's grant application or may encompass a broader program, initiative, or other set of activities or goals. A letter of support from a public entity alone, without additional documentation demonstrating a formal, binding relationship between the parties, will be found insufficient to establish eligibility under this entity category. EDA reserves the right to request additional information from applicants to establish eligibility, as necessary. Applicants that have further questions concerning these documentation requirements should contact the representative listed in section G (p. 28) of the NOFO.

<sup>&</sup>lt;sup>4</sup> To be eligible for funding, a venture development organization must be a State or nonprofit organization that contributes to regional or sector-based economic prosperity by providing services for the purposes of accelerating the commercialization of research. Section 27(a)(4).

<sup>&</sup>lt;sup>5</sup> For purposes of the Build to Scale program, EDA defines an economic development organization as an organization focused primarily on improving science, technology, innovation, or entrepreneurship with a primary purpose to support the economic development of a community or region. In order to evaluate an organization's eligibility as an economic development organization or similar entity, EDA will look to the organization's Articles of Incorporation, Charter, Resolutions, Bylaws, and/or other documents that may be relevant to establish the primary purpose of the organization. Applicants are encouraged to submit all relevant documentation to EDA for evaluation. EDA reserves the right to request additional information from applicants to establish eligibility, as necessary. If applicants have further questions concerning these documentation requirements, they should contact the representative listed in section G (p. 28) of the NOFO.

authorized by statute, which may be determined by EDA's reasonable interpretation of the statute. Matching share in excess of the 1:1 requirement will be accepted but is not necessary to qualify for funding and will not make an application more competitive.

Applicants must submit from each organization providing matching share, including the applicant organization if applicable, a commitment letter or equivalent document signed by an authorized representative of that organization demonstrating that matching share will, at the time of award:

- be committed to the project for the period of performance,
- be available as needed, and
- not be conditioned or encumbered in any way that may preclude its use consistent with the requirements of EDA investment assistance.

Under this NOFO, separate matching share is required for each submitted application. Additional documentation may be requested by EDA to substantiate the availability of the matching funds.

In-kind contributions may be used for the required matching share and must consist of contributions directly related to the proposed project, such as services, equipment, or space. The purchase of equipment and equipment-related modifications or renovations of a facility may comprise matching share but only to the extent that such equipment and any related modifications or renovations are used to support another eligible activity. EDA will fairly evaluate all in-kind contributions, which must be eligible project costs and which must meet applicable federal cost principles and uniform administrative requirements. Applicants are strongly encouraged to work with the appropriate EDA representative listed in section G (p. 27) of this NOFO to determine how in-kind contributions may be utilized to satisfy the matching share requirement based upon the project concept and application and how those in-kind contributions may be valued. As with other match sources, a commitment letter is required for both applicant-provided and third-party sources of in-kind match.

A provider of matching share, including an entity providing cash or in-kind contributions, may not serve as a contractor under the award for which it provides matching share. Thus, an entity providing matching share may not be paid with award funds to provide goods or services to the award recipient.

Please note that all project funds—both federal funds and matching funds—are subject to certain restrictions. **NEITHER FEDERAL NOR MATCHING SHARE FUNDS CAN INCLUDE FUNDS TO BE INVESTED IN STARTUPS OR OTHER COMPANIES**, whether through equity, debt, or hybrid mechanisms. Additionally, neither federal nor matching share funds can be used for construction activities, except in limited circumstances related to equipment installation, as approved by EDA. As described in section A.1., Build to Scale award funds may not be transferred directly to companies (i.e., startups and individuals) being served by the applicant organization, and award funds may not be used to subsidize such companies' expenses that are unrelated to program activities, including general operating expenses.

#### D. APPLICATION AND SUBMISSION INFORMATION

#### 1. Address to Request Application Package

An electronic version of the application may be obtained at <u>https://www.grants.gov/</u> (Grants.gov). To accommodate applicants' accessibility requirements, a paper version of the application may be obtained by contacting EDA's Office of Innovation and Entrepreneurship (OIE) via email at oie@eda.gov or via phone at (202) 482-8001.

# 2. Content and Form of Application Submission

An applicant may obtain the appropriate application package electronically at https://www.grants.gov/ (Grants.gov). Applicants may search for this funding opportunity on Grants.gov using Funding Opportunity Number "EDA-HDQ-OIE-2021." All components of the appropriate application package may be accessed and downloaded via https://www.grants.gov/web/grants/search-grants.html. The required electronic file format for attachments is text searchable portable document format (PDF) and, where appropriate, Microsoft Excel.

Applications must include the following documents:

Project Design and Substance
Project Narrative
Budget Narrative and Staffing Plan
Matching Share Commitment Letters
State/Local Government Support (if applicable)
Forms and Supporting Documentation
SF-424 (Application for Federal Assistance)
SF-424A (Budget Information Non-Construction Programs)
CD-511 (Certification Regarding Lobbying)
SF-LLL (Disclosure of Lobbying Activities) (if applicable)
State Single-Point-of-Contact (SPOC)/Executive Order 12372 Compliance Documentation (if
applicable) <sup>6</sup>
Organizational Documentation (if applicable) <sup>7</sup>
Indirect Cost Rate (ICR) Documentation (if applicable) <sup>8</sup>

#### i. Project Design and Substance

Document	Number
Project Narrative	One per application
Budget Narrative and Staffing Plan	One per application
Matching Share Commitment Letters	One per match source
State/Local Government Support (if applicable)	One per application

#### a. Project Narrative

All applicants must provide a Project Narrative of no more than ten (10) total pages with margins no less than one-half inch (0.5") using Arial, Calibri, Times New Roman, or a similar font of size no less than eleven (11) points in order to be considered for funding. **Material beyond the tenth page will not be read or considered.** Applicants are strongly encouraged to provide a clear and concise narrative that includes a compelling justification for the project and articulates a clearly defined regional economic gap, how the proposed project will uniquely meet this need, and the expected outcome(s) that will result from the proposed project. Lengthy applications will not receive greater consideration.

<sup>&</sup>lt;sup>6</sup> Only certain States participate in the SPOC compliance process. See section D.2.ii.b.1) (p. 13).

<sup>&</sup>lt;sup>7</sup> Only certain types of eligible entities are required to submit organization documents, and the documentation required varies by eligible entity type. See section D.2.ii.b.2) (p. 13).

<sup>&</sup>lt;sup>8</sup> Applicants that currently do not have and never have had an ICR agreement with a Federal agency are not required to submit this documentation and may elect to adopt a *de minimis* ICR. See section D.2.ii.b.3) (p. 14).

Project Narratives must address the following areas:

Section 1: Project Description and Overview

Section 1a: Provide an executive summary includes a project title, the Challenge to which the application is being submitted (i.e., Venture Challenge or Capital Challenge), and a summary of no more than 250 words (note: this may be published on EDA's website if your application is selected for funding).

Section 1b: What is your organization's mission? Describe the role/s you currently play in the innovation ecosystem. How are you best positioned to support an innovation ecosystem?

#### Section 2: Ecosystem Resources and Assets

Section 2a: Provide a description of the project's location and region, including its primary service area, a description of the communities or regions served (e.g., assets, financial and business resources, workforce, and infrastructure), a description of the target participants served and stakeholders leveraged, and the communities or region's assets and opportunities. The location and region should directly correspond to Questions 14 and 16 of the SF-424. If the applicant expects impacts beyond the noted region, the applicant should note the region of expected impact. Additionally, applicants must identify their proposed primary service area(s) by county or counties. Counties should be identified by both name and 5-digit FIPS codes. See <a href="https://www.census.gov/geographies/reference-files.2019.html">https://www.census.gov/geographies/reference-files.2019.html</a>.

Section 2b: Describe factors that make this investment opportune for the region. Identify the factors that contribute to the region's innovation and job creation strengths and challenges (e.g., ecosystem resources, emerging sectors, other regional assets). Discuss how you leverage available resources to support ecosystem efforts and who will be affected by this work.

#### Section 3: Proposed Solution

Section 3a: Describe how the solution will capitalize on specific opportunities facing the community and/or tackle structural challenges i.e. what is the problem you are trying to solve? Describe your solution in detail.

Section 3b: Explain how achievable the solution is. For example, have you already piloted the idea? Do you have examples of where this or similar solutions have been implemented before? If the solution is completely new, what research have you done that leads you to believe your outcomes are achievable?

Section 3c: Describe the specific stakeholder groups that will be impacted by the solution and explain the rationale for how participants are targeted. Provide an estimate of how many people, organizations, and/or communities will be impacted by the project either directly or indirectly.

#### Section 4: Partnerships

Section 3a: Describe any former, current, or future partnerships/working relationships with public and/or private entities at the national, state, regional, and/or local level that will be working on this

project. Provide a brief description of each entity and specific detail on the roles and responsibilities of these collaborators including effectiveness of past collaboration efforts.

#### Section 5: Measurable Goals & Feasibility

Outline your evidence- and data-based anticipated goals, including outputs and outcomes. Anticipated goals should be discussed in terms of the SMART framework—specific, measurable, attainable, relevant and timebound—and the application should speak to why and how these goals were selected. Include benchmarks to communicate both base-level goals that adhere to the SMART framework, as well as stretch goals. Of note: applicants selected for funding must employ a data and client management system to track their metrics in a machine-readable format; applicants should include a description of their respective systems and, if no such system exists, should include their acquisition and implementation in the project narrative and budget.

#### Section 6: Sustainability

Provide your sustainability plan, including anticipated challenges, potential barriers, a forecast of postaward period operations, and your specific plan to become self-sustaining once grant funds have been expended.

#### b. Budget Narrative & Staffing Plan

Appendix A contains an optional budget and staffing plan template that may be used for the application.

Applicants must provide a clear budget narrative that identifies and justifies how funds in each line item of the budget will be used to support the proposed project and that links each line item to its relevant commitment letter. The budget narrative should specifically address each budget line item (including both the federal share and matching non-federal share) and the narrative total should match the total project costs listed in both the SF-424, Question 18, Line g ("TOTAL") and the appropriate totals fields of the SF-424A. The budget narrative should include itemized valuations of any in-kind matching funds (which, for personnel costs, should be supported by the staffing plan). Each line item in the budget narrative should clearly indicate

- a description of the intended use of funds for each line item;
- the budget category (from the SF-424A) to which the line item corresponds;
- the federal share allocated to the line item;
- the matching share allocated to the line item; and
- if any matching share is allocated to a given line item, a citation to the one or more commitment letters that documents each relevant matching organization's commitment to provide the matching share of the given line item.

The non-federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the federal share; however, if the applicant's budget narrative proposes otherwise, applicants must also include information that clearly indicates what project elements the matching share funds will support and explain why deviation from paying out at the same general rate is required for the project to be implemented.

As part of the budget narrative, applicants also must submit a staffing plan that lists all positions that would be charged to the federal and non-federal portions of the budget for each year of the period of performance. The staffing plan must include position titles, maximum annual salaries, percentage of time

dedicated to the project, and the total amount of annual salaries that would be charged to the project. The total amount of annual salaries that would be charged to the project must be consistent with the amount reflected on the "Personnel" budget line item on the Form SF-424A for each project year.

# c. Matching Share Commitment Letters

Applicants must submit commitment letters or equivalent documents that demonstrate that **all matching funds** (whether cash or in-kind) from **all sources** (i.e., any applicant, any co-applicants, and any other sources of matching funds) referenced in the application will be *unencumbered, unrestricted, and committed at the time of award* and that are *signed by authorized representatives* of the sources of the matching funds. Authorized representatives must have the authority to execute documents and to obligate and expend funds on behalf of their respective organizations.

As discussed in section C.2 (p. 6), a provider of matching share, including an entity providing cash or inkind contributions, may not serve as a contractor under the award for which it provides matching share.

# d. State/Local Government Support

Applicants must submit one or more resolutions or letters that demonstrate that the application is supported by one or more States or political subdivisions of States (e.g., counties, municipalities) that encompass all or a substantial portion of the communities served by this project. **Support from Federal officials**, **including but not limited to members of the United States Congress, does not meet this requirement.** Examples of authorities who may indicate such support include State and local executive branch officials (e.g., State governors, State cabinet members, mayors or other municipal executives) and State and local legislators (e.g., State legislators, city councilpersons). **If, however, the applicant or coapplicant is a State, an Indian tribe, or a city or other political subdivision of a State, this requirement does not apply.** 

#### ii. Forms and Supporting Documentation

#### a. Forms

Applications must include the following documents, either per applicant or per application, as noted:

Form	Description	Number
SF-424	Application for Federal Assistance	One per applicant
SF-424A	Budget Information—Non-Construction Programs	One per application
CD-511	Certification Regarding Lobbying	One per applicant
SF-LLL	Disclosure of Lobbying Activities (if applicable)	One per applicant

#### b. Supporting Documentation

Applications must include the following documentation, as applicable, depending on a given project's primary service area and the type and history of each applicant organization.

Documentation	Number
SPOC Compliance (if applicable)	For each participating State in primary service area
Organizational Documentation (if applicable)	For each applicant, depending on entity type
ICR Documentation (if applicable)	For each applicant

# 1) SPOC Compliance

For projects with primary service areas located within one or more States that participate in the intergovernmental review process established by **Executive Order 12372**, "**Intergovernmental Review of Federal Programs**," applicants must submit documentation demonstrating compliance with that State's or those States' processes. See section D.6 (p. 15) "Intergovernmental Review" of this NOFO. The current list of participating States and their Single Points of Contact (SPOC) can be found at <u>https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf</u>. Each State may participate for all or a subset of federal grant programs. EDA strongly encourages applicants to contact SPOCs early in the application period in order to determine the relevant State's or States' processes. **If an application's primary service area encompasses one or more participating States but that application does not include documentation of compliance with each participating State's process, <u>THAT APPLICATION WILL BE REJECTED WITHOUT FURTHER REVIEW</u>. Based on the applicant's State, EDA requires the following documentation:** 

State does not participate	No documentation required
State participates; this grant program not subject to review	Documentation (e.g., a State executive order, a signed letter from the SPOC) showing that this grant program is not subject to review
State participates; this grant program subject to review	Documentation (e.g., a signed letter from the SPOC) with comments or indicating that this project was not selected for review, or, if the comment period has expired or comments were not received, a copy of the applicant's request for comments

# 2) Organizational Documentation

Each applicant and co-applicant must provide documentation that supports each applicant's or coapplicants' **organizational status as an eligible entity** where applicable (section C.1 (p. 5) of this NOFO) (e.g., articles of incorporation, certificates of good standing, bylaws, proof of tax-exempt status). Regardless of entity type, EDA reserves the right to request documentation or additional proof of organizational status.

- States, Indian tribes, cities or other political subdivisions of States, and institutions of higher education that are 100% publicly-controlled are not required to submit organizational documentation.
- Nonprofit organizations must submit documentation that demonstrates their status as nonprofit
  organizations, including articles of incorporation, certificates of good standing, bylaws, and, if
  applicable, proof of tax-exempt status. See 13 C.F.R. § 312.3.
- Applicants applying as (a) institutions of higher education that are not 100% publicly-controlled, (b) science or research parks, (c) Federal laboratories, (d) venture development organizations, or (e) economic development organizations<sup>9</sup> or similar entities must provide documentation that demonstrates their organization's status as the relevant entity type as defined in EDA's regulations. See 13 C.F.R. § 312.3.

<sup>&</sup>lt;sup>9</sup> EDA strongly encourages applicants that may be eligible under this entity category to contact the representative listed in section G of this NOFO (p. 28) with any questions regarding eligibility.

• Entities applying as public-private partnerships must submit documentation of their contractual relationship. See the definition of *public-private partnerships* at 13 C.F.R. § 312.3 and the discussion of documentation for public-private partnerships in footnote 3 to section C.1 (p. 5).

# 3) ICR Documentation

If indirect costs are included in the budget, the applicant must include documentation to support the indirect cost rate they are using (unless claiming the 10 percent de minimis indirect cost rate, discussed below). The applicant must submit a copy of its current, approved, and negotiated indirect cost rate agreement (NICRA). The maximum dollar amount of allocable indirect costs for which EDA will reimburse a recipient shall be the lesser of the (i) line-item amount for the federal share of indirect costs contained in the EDA approved budget for the award, or (ii) federal share of the total allocable indirect costs of the award based on either (i) the indirect cost rate approved by EDA (or applicable cognizant federal agency), provided that the cost rate is current at the time the costs were incurred and provided that the rate is approved on or before the award end date, or (ii) other acceptable documentation as indicated below.

If the applicant does not have a current or pending NICRA, it may propose indirect costs in its budget; however, the applicant must prepare and submit an allocation plan and rate proposal for approval within ninety days from the award start date (unless claiming the 10 percent de minimis indirect cost rate, discussed below). See 2 C.F.R. part 200 Apps. III, IV, V, VI, VII for guidance. The allocation plan and the rate proposal shall be submitted to EDA's Office of Regional Affairs (or applicable cognizant federal agency). The applicant should include a statement in its Budget Narrative that it does not have a current or pending NICRA and will submit an allocation plan and rate proposal to EDA or the applicant's cognizant federal agency for approval.

In accordance with 2 CFR § 200.414(f), an applicant that does not have a current negotiated (including provisional) rate, may elect to charge a de minimis rate of 10 percent of modified total direct costs (unless the applicant is a state or local unit of government (or an Indian tribe) that receives less than \$35 million in direct federal funding per year, discussed below). No documentation is required to justify the 10 percent de minimis indirect cost rate; however, an applicant electing to charge a de minimis rate of 10 percent must include a statement in its Budget Narrative that it does not have a current negotiated (including provisional) rate and is electing to charge the de minimis rate.

If the applicant is a state or local unit of government (or an Indian tribe) that receives less than \$35 million in direct federal funding per year it may submit any of the following:

- 1. A Certificate of Indirect Costs from the Department of the Interior (DOI) or EDA;
- 2. Acknowledgment received from EDA and Certificate of Indirect Costs in the form prescribed at 2 C.F.R. pt. 200, app. VII;
- 3. Cost Allocation Plan approved by a federal agency (note that cost allocation plans or indirect cost rates approved by state agencies are <u>not</u> acceptable); or
- 4. NICRA.

# 3. Environmental and Historic Preservation Requirements

Applications may be reviewed by EDA for compliance with the National Environmental Policy Act of 1969, as amended (NEPA), depending on the nature and specific elements of each given application. During the NEPA review process, applicants may be instructed to contact the designated State and/or Tribal Historic Preservation Officer (SHPO/THPO), provide approvals from other governmental agencies, or provide more detailed environmental information. EDA, after compliance with requirements for consultation with federally-

recognized Indian tribes, may require applicants to participate in Tribal consultation, as necessary. The implementing regulations for NEPA require EDA to provide public notice of the availability of project-specific environmental documents, such as environmental impact statements, environmental assessments, findings of no significant impact, and records of decision, to the affected public.<sup>10</sup> For further guidance and information, please contact the representative listed in section G (p. 27) of this NOFO.

# 4. Unique Entity Identifier and System for Award Management (SAM)

To enable the use of a universal identifier and to enhance the quality of information available to the public as required by the Federal Funding Accountability and Transparency Act of 2006, applicants are required to: (i) be registered in SAM before submitting an application; (ii) provide a valid unique entity identifier in the application; and (iii) continue to maintain an active SAM registration with current information at all times during which they have an active federal award or an application or plan under consideration by a federal awarding agency. EDA may not make a federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the EDA is ready to make an award, EDA may determine that the applicant is not qualified to receive an award and use that determination as a basis for making an award to another applicant. Recipients will be subject to reporting requirements, as identified in OMB guidance published at 2 C.F.R. parts 25 and 170.

#### 5. Submission Dates and Times

The deadline for the receipt of **an application** is <u>11:59 P.M. EASTERN TIME ON THURSDAY, APRIL 29, 2021</u>. Applications received after this deadline will not be reviewed or considered. **Applications** will only be accepted electronically through <u>www.grants.gov</u> (Grants.gov). Applicants are advised to carefully read the submission information provided in section D (p. 7) of this NOFO. The date and time that an application will be deemed to be electronically received will be determined in accordance with the electronic submission instructions provided at Grants.gov. See sections D.8 (p. 15) and H.6 (p. 30) of this NOFO for information regarding electronic submissions. **APPLICATIONS RECEIVED AFTER THE APPLICATION DEADLINE WILL NOT BE CONSIDERED FOR FUNDING**.

In addition, please note the following:

- EDA will not accept any unsolicited changes, additions, revisions, or deletions to applications after the submission deadline.
- Throughout the review and selection process, EDA reserves the right to seek clarification from applicants whose applications are being reviewed and considered.
- Applicants may be asked to clarify objectives and work plans and modify budgets or other specifics as necessary to comply with federal requirements and provide supplemental information required by the agency before award.
- See section E (p. 17) of this NOFO for application review and selection information.

Applicants are strongly encouraged to start early and not to wait until near the application deadline before logging on and reviewing the instructions for submitting an application through Grants.gov. Applicants should SAVE AND PRINT WRITTEN PROOF of an electronic submission made at Grants.gov.

If problems occur while using Grants.gov, the applicant is advised to print any error message received and call Grants.gov at (800) 518-4726 for immediate assistance. EDA, in its sole discretion, may pre-approve in writing submission via an alternate method (e.g., email) due to a systems issue at Grants.gov only insofar

<sup>&</sup>lt;sup>10</sup> As specified in 40 C.F.R. § 1506.6(b).

as any such systems issue is beyond the control of the applicant. However, any submission via this alternate method must be received before the deadline. See section H.6.v (p. 32) regarding what does and does not constitute a systems issue. LATE APPLICATIONS WILL NOT BE ACCEPTED for any reason, including but not limited to late submissions caused by issues with Grants.gov, SAM, or AOR registrations. See sections D.5 (p. 14), D.8 (p. 15) and H.6 (p. 30) of this NOFO for more information on electronic submissions. In situations described in this subsection, applications must have email or facsimile receipt timestamps no later than the application deadline or must be postmarked or the equivalent on or before the application deadline. An application that is not timestamped or postmarked, as applicable, by the application deadline WILL NOT BE REVIEWED.

#### 6. Intergovernmental Review

Applications submitted under this NOFO are subject to the requirements of Executive Order (EO) 12372, "Intergovernmental Review of Federal Programs," if a State has adopted a process under EO 12372 to review and coordinate proposed federal financial assistance and direct federal development (commonly referred to as the "single point of contact review process"). All applicants whose primary service areas fall within one or more such States must give State and local governments a reasonable opportunity to review and comment on the proposed project, including review and comment from area-wide planning organizations in metropolitan areas.<sup>11</sup> To find out more about a State's process under EO 12372, applicants may contact their State's Single Point of Contact (SPOC). Names and addresses of some States' SPOCs are listed at <u>https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf</u>. Question 19 of Form SF-424 allows applicants to indicate compliance with EO 12372; however, note that **applicants must supply as part of their application packages documentation that supports the answer provided to Question 19 (i.e., that demonstrates compliance). See section D.2.ii.b.1) (p. 8).** 

# 7. Funding Restrictions

Construction activities are not allowable costs under either of the Challenges and may not be charged to the EDA funds of the project or provided as matching share, except in limited circumstances. For the purposes of an award made pursuant to this NOFO, construction includes any activity, including the installation of equipment, that disturbs the ground or modifies a structure. Additionally, the use of project funds to make equity investments is not an allowable cost; neither EDA funds nor matching share may be used for such purposes. Lastly, neither EDA funds nor matching share may be transferred directly to companies (i.e., startups and individuals) being served by the applicant organization, nor may they be used to subsidize such companies' expenses that are unrelated to program activities, including general operating expenses.

# 8. Other Submission Requirements

# i. Means of Submission

APPLICATIONS MUST BE SUBMITTED THROUGH GRANTS.GOV. EDA will not accept paper, facsimile, or email transmissions of applications for this program except in cases of documented systems issues as described in sections D.5 (p. 14) and H.6.v (p. 32) of this NOFO. Applications must be successfully validated and timestamped by Grants.gov no later than the application deadline set forth in section D.5 (p. 14) of this NOFO. An application that is not validated and timestamped by Grants.gov by the application deadline <u>WILL NOT BE REVIEWED</u>. Note that the Grants.gov registration is a multi-stage process that

<sup>&</sup>lt;sup>11</sup> As provided for in 15 C.F.R. part 13.

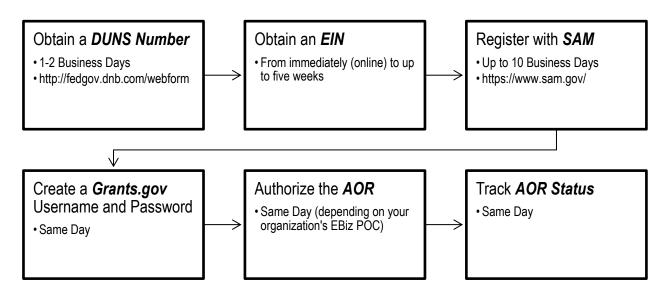

involves a number of steps, including validation, verification, and registration through other websites such as sam.gov. See sections D.1 (p. 7), D.5 (p. 14), and D.8.ii (p. 16) of this NOFO. Please visit <a href="https://www.grants.gov/web/grants/applicants/apply-for-grants.html">https://www.grants.gov/web/grants/applicants/apply-for-grants.html</a> and <a href="https://www.grants.gov/web/grants/applicants/applicants/apply-for-grants.html">https://www.grants.gov/web/grants/applicants/apply-for-grants.html</a> and <a href="https://www.grants.gov/web/grants/applicant

Once an application is submitted, it undergoes a validation process through Grants.gov during which the application may be accepted or rejected by the system. Please be advised that the validation process may take 24 TO 48 hours to complete. Applications that contain errors will be rejected by Grants.gov and will not be forwarded to EDA for review. The applicant must correct the error before Grants.gov will accept and validate the application. EDA will NOT ACCEPT LATE APPLICATIONS THAT WERE REJECTED BY GRANTS.GOV DUE TO APPLICANT ERRORS. Accordingly, EDA STRONGLY SUGGESTS THAT APPLICANTS SUBMIT THEIR APPLICATIONS AT LEAST FIVE (5) DAYS BEFORE THE DEADLINE to allow the application to be accepted and validated in the system and to allow time for any errors to be corrected. EDA will consider the timestamp on the validation from Grants.gov (or on a pre-approved alternate method) as the official submission time.

See section H.6 (p. 30) of this NOFO for more detailed instructions and information on the requirements for submitting applications electronically via Grants.gov.

# ii. Pre-Submission Registration

Before submitting an application under this NOFO, each applicant must both register its organization with Grants.gov and register its Authorized Organization Representative (AOR) with Grants.gov. Applicants should note that this process can be lengthy, requires interaction with multiple organizations not affiliated with EDA, and requires confirmation at each step.

Applicants may have already completed one or more of the above steps set forth in the above flowchart, which depicts an example of how the pre-submission registration process generally flows. E.g., organizations may have already registered with Grants.gov, in which case they do not need to re-register. However, note that **applicant organizations that have not previously completed any of the above steps may require three to four weeks to accomplish these tasks due to system processing** 

**requirements**. EDA <u>STRONGLY ENCOURAGES</u> prospective applicants to begin the pre-submission process as early as possible in the application period. Grants.gov is a centrally-managed federal grants portal, and changes or updates to the process outlined above may occur after the publication of this NOFO. Prospective applicants should visit <u>https://www.grants.gov/web/grants/applicants/organization-registration.html</u> to ensure that they follow the most up-to-date instructions.

#### iii. Optional Pre-Submission Technical Review

Applicants may submit a copy of their application to OIE via email and receive feedback on technical aspects of their application before the deadline. Based on this feedback, the applicant may revise or supplement its application or submit a substantially revised application by the deadline. Applicants who submit complete applications for pre-submission technical review will be informed whether their application is technically complete (i.e., if it includes all the documents required by section D.2 (p. 8) of this NOFO) and whether the applicant is an eligible entity. No other review will be conducted and no additional feedback (including, e.g., feedback on the application's merits) will be provided. Additionally, during the application period of this NOFO, EDA cannot provide comments or any other feedback on applications that were submitted under any preceding Build to Scale program, including the Venture, Capital or Industry Challenge, or Regional Innovation Strategies program NOFOs, including the i6 Challenge or the Seed Fund Support competition, whether or not they were selected for funding.

Pre-submission technical review is designed <u>ONLY</u> to provide feedback on the technical completeness of an application and the applicant's eligibility for funding and is <u>NOT</u> designed to provide any review or feedback of an application's merits or to provide assistance in the development of an application. EDA staff will attempt to provide pre-submission technical review within two (2) weeks of receipt of a request therefor; however, such review is not guaranteed, may not be comprehensive, and does not guarantee or suggest that the final submitted application will proceed to the Merit Review evaluation stage or be selected for funding.

Applicants are strongly encouraged to seek this technical feedback from EDA no later than three (3) weeks prior to the application deadline set forth in section D.5 (p. 14) of this NOFO in order to allow adequate time to address any technical issues before final submission. EDA, in its sole discretion, may stop performing pre-submission technical review at any time. Applicants must submit requests for pre-submission technical review at any time. Applicants must submit requests for pre-submission technical review via Grants.gov is not available. The review and feedback described in this subsection are optional. Applicants need not seek preliminary feedback on their application in order to submit an application for consideration. See section G (p. 27) of this NOFO for contact information for EDA representatives.

#### E. APPLICATION REVIEW INFORMATION

Throughout the review and selection process, EDA, at its sole discretion, may seek clarification, including but not limited to written clarifications and corrected or missing documents, from applicants whose applications are being reviewed and considered and require that applicants provide such clarifications or corrections in order to continue to be considered for an award under this NOFO. EDA will provide applicants a reasonable amount of time to provide any additional documentation. An applicant's failure to provide complete and accurate supporting documentation in a timely manner *when requested by EDA* may result in the removal of that application from consideration. EDA may ask applicants to clarify application materials, objectives, and work plans, or modify budgets or other specifics as necessary to comply with federal requirements.

#### 1. Evaluation Criteria

#### APPLICATION

Applications will be reviewed against the following six equally weighted criteria by awarding between 0 and 7 points on the two sub-questions per criteria, with 0 meaning "does not address" and 7 meaning "addresses with 100% success". These criteria will be used for all competitions in this NOFO. Applications from each competition will be scored competitively against applications received for that same competition using the following common criteria:

Summary of Criteria				
Ecosystem Resources and Assets				
Proposed Solution				
Use of Partner Entities				
Measurable Goals and Sustainability				
Budget and Staffing Plan				
Alignment with B2S Program Goals				

[The remainder of this page is intentionally left blank.]

#### **Ecosystem Resources and Assets**

Evaluate criterion based on whether the opportunity is clearly stated and is aligned with the community or region's unique assets and needs. Please consider whether the region or regions of service are clearly defined and whether the project encourages and solicits participation from an inclusive group of regional stakeholders that might benefit from participation including newly formed entities, rival existing participants, and underrepresented or unconnected populations and organizations, including those across socioeconomic or geographic categories.

#### Please indicate the degree to which you agree with the following statement:

The region's assets and needs are clearly defined and explained.

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

#### Please indicate the degree to which you agree with the following statement:

The applicant is uniquely positioned to leverage regional assets as described and execute the proposed project successfully.

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

#### **Proposed Solution**

Evaluate criterion based on whether the proposed solution is clearly stated and aligned with community or region's needs. Please consider whether the proposed solution effectively leverages assets and the identified service area. Consider if the solution aligns with the opportunity and if the proposed solution is achievable or substantial progress can be made. Does the application clearly identify target participants and how those participants will be reached? Does the solution align with the needs of these participants?

#### Please indicate the degree to which you agree with the following statement:

The proposed solution is aligned with the opportunity and is achievable or substantial progress can be made.

1	2	3	4	5	6	7

Strongly Disagree         Disagree         Slightly Disagree         Neutral         Slightly Agree         Agree         Strongly Agree
--

#### Please indicate the degree to which you agree with the following statement:

The proposed solution is aligned with the needs of target participants and those participants are ready to engage with the proposed solution.

1	2	3	4	5	6	7
Strongly Disa	gree Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

#### **Use of Partner Entities**

Evaluate this criterion based on whether the submission has defined the role of potential partner entities and has the potential to effectively leverage ecosystem resources. You may consider any former, current, or future partnerships/working relationships with federal, state, regional, and/or local entities that the application highlights, including any details on past collaboration efforts. The submission should convincingly communicate and demonstrate that resources from different partners will be leveraged in a way that will result in ecosystem growth that is greater than the sum of the individual partners' contributions. A submission that does not clearly identify and demonstrate support from proposed partners may score less than a submission that does.

#### Please indicate the degree to which you agree with the following statement:

The application clearly and realistically defines the roles of potential partner entities.

	1	2	3	4	5	6	7
Str	rongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

#### Please indicate the degree to which you agree with the following statement:

The application presents evidence of strong, committed, active, and deeply interconnected financial or programmatic collaborations and of long-term, adaptable, coordinated project implementation plans.

			6	1
Strongly Disagree Disagree Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

# Measurable Goals and Sustainability

Evaluate the criterion on whether the solution is aligned with the opportunity and the proposed solution is achievable, and/or substantial progress can be made. Proposed goals should be measurable, reasonable and achievable in the grant period and beyond. The submission should include benchmarks to communicate both base-level goals and stretch goals as well as the level of effort required to realistically achieve each level. A submission that does not describe measurable goals or does not include elements of the plan relating to feasibility may score less than a submission that includes goals and benchmarks for the proposed approach that are clear and realistic.

#### Please indicate the degree to which you agree with the following statement:

The base-level project goals are specific, measurable, attainable, relevant, and time-bound and further the innovation ecosystem of the identified region(s).

	1	2	3	4	5	6	7
St	trongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

Evaluate the criterion based on the ability to sustain activities once grant funds under this award have been expended. You may consider whether the proposed partners enhance the sustainability of the project, the financial plan to sustain the project beyond the award, and/or whether the plan is feasible based on evidence provided in the application.

#### Please indicate the degree to which you agree with the following statement:

The proposed project provides evidence of future financial support and/or a strong potential to become self-sustaining once grant funds have been expended.

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

# Budget and Staffing Plan

Evaluate the criterion based on the budget narrative and staffing plan proposed in the application. You may consider the operations and management capacities and experiences of the applicant organization(s) and team, and whether they demonstrate the ability to execute the proposed project successfully. You may also consider the proposed project's budget narrative and staffing plan to determine if they reasonably and realistically correspond to the costs and activities necessary for the

successful execution of the proposed project. Providing more than the required matching share should not inherently make an application more competitive.

#### Please indicate the degree to which you agree with the following statement:

The application clearly identifies the financial, human, and programmatic resources that will support the successful execution of this proposed project.

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

# Please indicate the degree to which you agree with the following statement:

The applicant organization and team have the operations and management capacities to execute the proposed project successfully.

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

# Alignment with Build to Scale Program Goals

Evaluate the criterion based on whether the application aligns with the Build to Scale program goals to "build regional economies through scalable startups" and on the quality and clarity of the application to respond to B2S prompts. Evaluate the entirety of the submission package, including the project narrative, budget narrative, and letters of support. A submission, for example, that provides vague descriptions, partial responses, or content that is difficult to understand may score less than one that conveys a well-articulated story and addresses all B2S prompts clearly and completely.

# Please indicate the degree to which you agree with the following statement:

The submission aligns with the Build to Scale program goals to "build regional economies through scalable startups."

1	2	3	4	5	6	7
Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree
	L					

# Please indicate the degree to which you agree with the following statement:

The submission is well-articulated, telling a clear story and providing clear responses to the prompts outlined in the B2S NOFO.

	1	2	3	4	5	6	7
S	Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree

[The remainder of this page is intentionally left blank.]

#### 2. Review and Selection Process

## i. Review for Eligibility and Completeness (Technical Review)

EDA staff will conduct an eligibility and technical completeness review (the "Technical Review") of all applications received by the application deadline. Applications received from ineligible entities will not be considered for funding. Applications that do not contain all forms and required documentation listed in section D.2 (p.8) of this NOFO may be deemed non-responsive and excluded from further consideration. EDA expects all applicants to complete and include all required forms and documentation. However, EDA, in its sole discretion, may determine that an omission is curable and therefore may continue its consideration of the application despite the deficiency. Technical Review will be conducted separately for each application for each competition.

#### ii. Merit Review

Merit Reviewers will evaluate applications against the evaluation criteria for the relevant competition enumerated in section E.1 (p. 21) of this NOFO. Each application will be reviewed by at least three Merit Reviewers. Merit reviewers may include, but are not limited to, DOC and EDA personnel and other federal and non-federal subject matter experts. EDA, in its sole discretion, may use a statistical technique to normalize and aggregate Merit Reviewers' quantitative evaluations (i.e., scores) and may consider qualitative Merit Reviewer evaluation information. For each competition, the most highly ranked applications will be recommended to the Grants Officer as the applications that merit consideration for EDA funding.

# iii. Grants Officer Decision

The most highly ranked applications will be forwarded to the Grants Officer under this NOFO, which EDA anticipates will be the Director of OIE. The Grants Officer has been delegated the authority to make the final decision on whether to fund an application and may select a project for funding that differs from the most highly ranked applications based on any of the following Selection Factors or use these Selection Factors to break a tie for applications that are otherwise considered substantially equal in merit:

- 1. the extent to which the application meets the overall objectives of Section 27;
- 2. the extent to which the selection of the application, alone or in the context of other applications, supports EDA's compliance with appropriations law requirements and report language guidance;
- 3. the ability of a project to start quickly, realistically achieve project goals, and catalyze additional resources;
- 4. the comparative financial or management capability of the applicant;
- 5. the applicant's performance under previous federal financial assistance awards, including whether the grantee submitted required performance reports and data;
- 6. for previous grantees, the extent to which the application builds upon and creates synergies with previously funded work;
- 7. for applicants to multiple competitions under this NOFO, the extent to which the proposal leverages dollars across the multiple programs to make their overall approach stronger;
- 8. the extent to which the application leverages complementary public or private sector programs or policies, including but not limited to those operated or managed by the Federal Government;
- 9. the availability of program funding;
- 10. the extent to which the project supports EDA's goals of geographic balance in distribution of program funds (including but not limited to diversity among urban and rural states and diversity among regions of the United States), project types (including but not limited to diversity among

Build and Scale awards under the Venture Challenge), sectoral focus (including but not limited to advanced wood products; advanced manufacturing; artificial intelligence; bioscience; commercial space; energy; marine energy; nanotechnology; telecommunications, including broadband; etc.), and organizational type (including but not limited to organization size and stage of development) within the overall portfolio of Build to Scale awards; and

11. the extent to which any technical deficiencies or any budgetary or legal issues in the application may impact an applicant's ability to execute the project or achieve the desired impacts.

The final decision of the Grants Officer must be consistent with this NOFO and applicable law. Should the Grants Officer make a selection that differs from the most highly ranked applications, the Grants Officer will document the rationale for the decision in writing. **There is no appeal process for denied applications.** 

# 3. Awards in Excess of the Simplified Acquisition Threshold

EDA, prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS). See 41 U.S.C. § 2313.

Each applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.

EDA will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.206.

#### 4. Anticipated Announcement and Federal Award Dates

Subject to the availability of funding, successful applicants should expect to receive grant award notification approximately 60-90 days following the application deadline.

#### F. FEDERAL AWARD ADMINISTRATION INFORMATION

#### 1. Federal Award Notices

Under this NOFO, EDA expects to notify applicants of its decision in writing approximately 60-90 days after the application deadline. If an application is selected for funding, the EDA Grants Officer will issue a signed grant award (Form CD-450), which is the authorizing financial assistance award document and includes the DOC Financial Assistance Standard Terms and Conditions and Special Award Conditions as described in section F.2 (p. 26).

By signing Form CD-450, the applicant agrees to comply with all award provisions. EDA will provide Form CD-450 via email through Grants Online or its successor electronic grants management system. The email will provide the authorized representative with instructions on how to create an account with Grants Online to view and sign the award. The applicant must sign and return the Form CD-450 without modification within 30 days of the date of EDA's signature on the form. Failure to sign and return the CD-450 during this timeframe may be considered grounds for appropriate enforcement action pursuant to 2 C.F.R. § 200.339 ("Remedies for noncompliance"), INCLUDING AWARD TERMINATION.

If an applicant is awarded funding, neither DOC nor EDA is under any obligation to provide any additional future funding in connection with that award or to make any future award(s). Amendment or renewal of an award to increase funding or to extend the period of performance is at the discretion of DOC and EDA.

EDA will provide written notice to all applicants informing them whether their application was selected for funding. EDA will retain unsuccessful applications in accordance with EDA's record retention schedule.

#### 2. Administrative and National Policy Requirements

Recipients of an EDA award will be bound by the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) as set forth in 2 C.F.R. part 200.

For all projects, DOC will apply the DOC ST&Cs applicable on the date of the award. The DOC ST&Cs may be accessed at the following website: https://www.commerce.gov/oam/policy/financial-assistance-policy.

DOC will apply the Pre-Award Notification Requirements for Grants and Cooperative Agreements effective December 26, 2014, 79 Fed. Reg. 78,390. The Pre-Award Notice may be accessed at <u>http://www.gpo.gov/fdsys/pkg/FR-2014-12-30/pdf/2014-30297.pdf</u>.

# 3. Reporting

# i. Financial, Performance, and Impact Reports

All recipients are required to submit progress reports and financial status reports in accordance with the terms and conditions of the grant award, generally no less than semi-annually. In addition, all recipients will be required to track and submit performance data on EDA-sponsored outputs and resulting outcomes, semi-annually and annually, respectively. All reports must be submitted in electronic format as specified in the terms of the award. As part of its administration of the Build to Scale Program, EDA may conduct program evaluations. If so, recipients of grants under this program may need to furnish performance data to evaluators, including but not limited to EDA staff and outside parties contracted by EDA. EDA may also, for research purposes linked to improving economic outcomes, choose to share data with other federal partners, including but not limited to statistical agencies.

# ii. Federal Funding Accountability and Transparency Act of 2006

The Federal Funding Accountability and Transparency Act of 2006 includes a requirement for awardees of applicable federal grants to report information about first-tier subawards and executive compensation under federal assistance awards issued in FY 2011 or later. All awardees of applicable grants and cooperative agreements are required to report to the Federal Subaward Reporting System (FSRS) available at <u>www.FSRS.gov</u> on all sub-awards over \$25,000. Please see the OMB guidance published at 2 C.F.R. part 170, which can be accessed at <u>https://www.govinfo.gov/content/pkg/CFR-2020-title2-vol1/pdf/CFR-2020-title2-v</u>

#### iii. Government Performance and Results Act

EDA will require additional data on activities, outputs, and actual impact of the funded investment, in part to fulfill the requirements of the Government Performance and Results Act (GPRA). EDA anticipates that recipients will be expected to track their engagement activities within the scope of work, with project beneficiaries, and other project stakeholders. EDA further anticipates recipients will be expected to collect data, using surveys of beneficiaries or clients if necessary, on the outputs and outcomes of their activities, such as the number of strategic plans or economic development tools developed, the number of new business partnerships formed, or the range of new capabilities acquired. EDA plans to collect this information using Forms ED-916 (Semi-annual Program Outputs Questionnaire for EDA grantees), ED-917

(Annual Capacity Outcomes Questionnaire for EDA Grantees serving clients), and ED-918 (Annual Capacity Outcomes Questionnaire for EDA Grantees). For more information, please refer to <a href="https://www.eda.gov/performance/">https://www.eda.gov/performance/</a>.

#### iv. Information Sharing

For the purposes of achieving rigorous program evaluations, all applications (including those that are not selected for funding) may be shared with EDA staff, outside parties contracted by EDA for the purposes of evaluation, and other federal agencies.

## v. Requirements For Recipients With More Than \$10 Million in Federal-wide Funding

As required by appendix XII to 2 C.F.R. part 200, a recipient with more than \$10 million in federal-wide funding must maintain the currency of information reported to SAM that is made available in the designated integrity and performance system (currently FAPIIS) about civil, criminal, or administrative proceedings.

# G. FEDERAL AWARDING AGENCY CONTACT(S)

For questions concerning this NOFO or for more information about EDA programs, you may contact your respective EDA Economic Development Representative (EDR). If you are unable to connect with your designated EDR, contact the Office of Innovation & Entrepreneurship using the contact information provided:

# H. OTHER INFORMATION

# 1. Right to Use Information

The applicant acknowledges and understands that information and data contained in applications for financial assistance, as well as information and data contained in financial, performance and other reports submitted by applicants, may be used by the Department of Commerce in conducting reviews and evaluations of its financial assistance programs. For this purpose, applicant information and data may be accessed, reviewed and evaluated by Department of Commerce employees, other federal employees, and also by federal agents and contractors, and/or by non-federal personnel, all of whom enter into appropriate conflict of interest and confidentiality agreements covering the use of such information. As may be provided in the terms and conditions of a specific financial assistance award, applicants are expected to support program reviews and evaluations by submitting required financial and performance information and data in an accurate and timely manner, and by cooperating with Department of Commerce and external program evaluators. In accordance with 2 C.F.R. § 200.303(e), applicants are reminded that they must take reasonable measures to safeguard protected personally identifiable information and other confidential or sensitive personal or business information created or obtained in connection with a Department of Commerce financial assistance award.

# 2. Freedom of Information Act Disclosure

In addition, Department of Commerce regulations implementing the Freedom of Information Act (FOIA), 5 U.S.C. Sec. 552, are found at 15 C.F.R. Part 4, Public Information. These regulations set forth rules for the Department regarding making requested materials, information, and records publicly available under the FOIA. Applications submitted in response to this Notice of Funding Opportunity may be subject to requests for release under the Act. In the event that an application contains information or data that the applicant deems to be confidential commercial information that should be exempt from disclosure under FOIA, that information should be identified, bracketed, and marked as Privileged, Confidential, Commercial or Financial Information. In accordance with 15 CFR § 4.9, the Department of Commerce will protect from disclosure confidential business information contained in financial assistance applications and other documentation provided by applicants to the extent permitted by law.

# 3. Past Performance and Non-Compliance with Award Provisions

Unsatisfactory performance under prior federal awards may result in an application not being considered for funding. Failure to comply with any or all of the provisions of an award may have a negative impact on future funding by DOC (or any of its operating units) and may be considered grounds for any or all of the following actions: (1) establishing an account receivable; (2) withholding payments to the recipient under any DOC award(s); (3) changing the method of payment from advance to reimbursement only; (4) imposing other special award conditions; (5) suspending any active DOC award(s); and (6) terminating any active DOC award(s).

#### 4. EDA's Non-Relocation Policy

# Applicants are advised that, should an application be selected for award, the recipient will be required to adhere to a special award condition relating to EDA's non-relocation policy as follows:

In signing this award of financial assistance, Recipient(s) attests that EDA funding is not intended by the Recipient to assist its efforts to induce the relocation of existing jobs within the U.S. that are located outside of its jurisdiction to within its jurisdiction in competition with other U.S. jurisdictions for those same jobs. In the event that EDA determines that its assistance was used for those purposes, EDA retains the right to pursue appropriate enforcement action in accord with the Standard Terms and Conditions of the Award, including suspension of disbursements and termination of the award for convenience or cause, which may include the establishment of a debt requiring the Recipient to reimburse EDA.

For purposes of ensuring that EDA assistance will not be used merely to transfer jobs from one location in the United States to another, each applicant must inform EDA of all employers that constitute primary beneficiaries of the project assisted by EDA. EDA will consider an employer to be a "primary beneficiary" if: (i) the employer is specifically named in the application as benefitting from the project, and the applicant estimates that the employer will create or save 100 or more permanent jobs as a result of the investment assistance (if the jobs in question were originally located in a smaller community, EDA may extend this policy to the relocation of 50 or more jobs); or (ii) the employer is or will be located in an EDA-assisted building, port, facility, or industrial, commercial, or business park constructed or improved in whole or in part with investment assistance prior to EDA's final disbursement of funds.

#### 5. Audit Requirements

Single or program-specific audits shall be performed in accordance with the requirements contained in the OMB Uniform Guidance (see 2 C.F.R. part 200, Subpart F, "Audit Requirements"). The OMB Uniform Guidance requires any non-federal entity (e.g., nonprofit organizations, including nonprofit institutions of higher education and hospitals; States; local governments; and Indian Tribes) that expends federal awards of \$750,000 or more in the recipient's fiscal year to conduct a single or program-specific audit in accordance with the requirements set out in the OMB Uniform Guidance. Applicants are reminded that EDA or the DOC's Office of Inspector General also may conduct an audit of an award at any time.

#### 6. Instructions for Application Submission via Grants.gov

The most up-to-date instructions for application submission via Grants.gov can be found at <a href="https://www.grants.gov/web/grants/applicants/apply-for-grants.html">https://www.grants.gov/web/grants/applicants/apply-for-grants.html</a>. To begin, complete, and submit your application,

- 1. navigate to <a href="https://www.grants.gov/web/grants/applicants/apply-for-grants.html">https://www.grants.gov/web/grants/applicants/apply-for-grants.html</a>;
- Click "Search for Opportunity Package";
- 3. in the "Funding Opportunity Number" field, enter "EDA-HDQ-OIE-2021-B2S";
- click "Search";
- 5. click the "Apply" link that corresponds to the competition to which you wish to apply (i.e., the 2021 Venture Challenge or the 2021 Capital Challenge);
- 6. enter your email address (if you would like to receive updates from Grants.gov regarding this grant opportunity) or check the box that indicates you do not wish to provide it, then click "submit";
- 7. choose to apply using Workspace by clicking "Login to Apply Now" or choose to download the legacy application package by clicking "Download Package"; and
- 8. follow the instructions provided on the Grants.gov website and on each webpage to complete and submit your application.

# i. Register Early and Submit Early

To submit an application through <u>https://www.grants.gov/</u> (Grants.gov), an applicant must register for a Grants.gov user ID and password. Note that this process can take between **three to five business days** or <u>AS LONG AS FOUR WEEKS</u> if all steps are not completed correctly. To avoid delays, EDA strongly recommends that applicants start early and not wait until the approaching deadline date before logging in, registering, reviewing the application instructions, and applying. Information about the Grants.gov registration process for organizations can be found at

<u>https://www.grants.gov/web/grants/applicants/organization-registration.html</u>. Please note that organizations already registered with Grants.gov do not need to re-register; however, all registered organizations must keep their SAM registration, which includes the CCR database registration, up-to-date through sam.gov or their applications will not be accepted by Grants.gov.

#### ii. AOR Requirement

Applicants must register as organizations, not as individuals. As part of the registration process, you will register at least one AOR for your organization. AORs registered at Grants.gov are the only officials with the authority to submit applications at Grants.gov; please **ensure that your organization's application is submitted by an AOR**. IF THE APPLICATION IS SUBMITTED BY ANYONE OTHER THAN YOUR ORGANIZATION'S AOR, IT WILL BE REJECTED BY THE GRANTS.GOV SYSTEM AND CANNOT BE CONSIDERED BY EDA. Note that a given organization may designate multiple individuals as AORs for Grants.gov purposes.

EDA will not accept late submissions caused by Grants.gov registration issues, including SAM, CCR, and AOR issues.

# iii. Field Limitations and Special Characters

Please be advised that Grants.gov provides the following notice with respect to form field limitations and special characters: <u>https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html</u>.

#### iv. Verify That Your Submission Was Successful

Applicants should save and print written proof of an electronic submission made at Grants.gov. Applicants can expect to receive multiple emails regarding the status of their submission. Since email communication can be unreliable, applicants must proactively check on the status of their application if they do not receive email notifications within a day of submission.

EDA requests that applicants kindly refrain from submitting multiple copies of the same application package. Applicants should save and print both the confirmation screen provided on the Grants.gov website after the applicant has submitted an application and the confirmation email sent by Grants.gov when the application has been successfully received and validated in the system. If an applicant receives an email from Grants.gov indicating that the application was received and subsequently validated but does not receive an email from Grants.gov indicating that EDA has retrieved the application package within 72 hours of that email, the applicant may contact the representative listed in section G (p. 27) of this announcement to inquire if EDA is in receipt of the applicant's submission.

It is the applicant's responsibility to verify that its submission was timely received and validated successfully at Grants.gov. To see the date and time your application was received, navigate to <u>https://www.grants.gov</u> and click on the "Track My Application" link under the "Applicants" tab. For a successful submission, the application must be received and validated by Grants.gov, and an agency tracking number must be assigned. If the date and time your application is **validated and timestamped** by Grants.gov is later than 11:59pm Eastern Time on the application deadline set forth in section D.5 (p. 14) of this NOFO,

your application is late. Once validation is complete, the status will change to "validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. For more detailed information about why an application may be rejected, please see "Encountering Error Messages" at <a href="https://www.grants.gov/web/grants/applicants/encountering-error-messages.html">https://www.grants.gov/web/grants/applicants/encountering-error-messages.html</a> and "Frequently Asked Questions by Applicants" at <a href="https://www.grants.gov/web/grants/applicants/a

# v. Grants.gov Systems Issues

If you experience a Grants.gov systems issue (i.e., a technical problem or glitch with the Grants.gov website) that you believe threatens your ability to complete a submission in a timely manner, please (i) print any error message received; (ii) call the Grants.gov Contact Center at (800) 518-4726 for assistance; and (iii) contact EDA using the contact information in section G (p. 27) of this NOFO. Ensure that you obtain a case number regarding your communications with Grants.gov. Please note that problems with an applicant's computer system or equipment are **not** considered systems issues. Similarly, an applicant's failure to, e.g., (i) complete the required registration, (ii) ensure that a registered AOR submits the application, or (iii) notice receipt of an email message from Grants.gov are **not** considered systems issues. A Grants.gov systems issue is an issue occurring in connection with the operations of Grants.gov itself, such as the temporary loss of service by Grants.gov due to unexpected volume of traffic or failure of information technology systems, both of which are highly unlikely. In the event of a confirmed systems issue, EDA reserves the right to accept an application in an alternate format.

Applicants should access the following link for assistance in navigating Grants.gov and for a list of useful resources: <u>https://www.grants.gov/web/grants/support.html</u>. The following link lists "Frequently Asked Questions by Applicants": <u>https://www.grants.gov/web/grants/applicants/applicant-fags.html</u>. If you do not find an answer to your question there, contact Grants.gov by email at <u>support@grants.gov</u> or telephone at (800) 518-4726. The Grants.gov Contact Center is open 24 hours a day, seven days a week, except on federal holidays.

# 7. Certifications Required by Annual Appropriations Acts for Corporations and for Awards over \$5 Million

As discussed in section D.4, all applicants are required to be registered in SAM before applying under this NOFO. SAM requires registering entities to certify compliance with all limitations imposed by annual appropriation acts. For corporations, this certification includes that the corporation:

(a) Was not convicted of a felony criminal violation under a Federal law within the preceding 24 months, unless a Federal agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government; and/or

(b) Does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, unless a Federal agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government.

For financial assistance awards in excess of \$5 million, this certification includes that the entity:

(a) To the best of its knowledge and belief, has filed all Federal tax returns required during the three years preceding the certification;

(b) Has not been convicted of a criminal offense under the Internal Revenue Code of 1986; and/or

(c) Has not been notified, more than 90 days prior to certification, of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

# APPENDIX A BUDGET TEMPLATE FOR APPLICATION

OIE suggests utilizing the below budget narrative template which includes a staffing plan.

The budget narrative should provide a summary of all proposed grant expenses and a description of the proposed roles and cost throughout the performance period of the proposed grant. The narrative totals should match the total project costs listed in SF-424 (Question 18, Line g) and SF-424A. If minor inconsistencies are found between the budget amounts specified on the SF-424, SF-424A, and the budget narrative, the Department will consider the SF-424A the official funding amount requested. The budget narrative should include a description of leveraged resources (as applicable) to support the proposed grant activities. Applicants must include a breakdown of federal and non-federal funds (matching funds) grouped by categories and further subdivided into line items relevant to the category.

Each line item in the budget narrative should clearly indicate:

- a description of the intended use of funds for each line item;
- the budget category (from the SF-424A) to which the line item corresponds;
- the federal share allocated to the line item;
- the matching share allocated to the line item; and
- for any matching shares allocated to a given line item, a citation to the corresponding commitment letter(s) should be provided, documenting each relevant matching organization's commitment to provide the matching share of the given line item.

The matching share, whether in the form of cash or in-kind, is expected to be disbursed at the same general rate as the federal share; however, if the applicant's budget narrative proposes otherwise, applicants must also include information that clearly indicates what project elements the matching share funds will support and explain why deviation from paying out at the same general rate is required for the project to be implemented.

SF-424A	Year 1		Year 2		Year 3		Total	
Budget Categories	Federal	Match	Federal	Match	Federal	Match	Federal	Match
a. Personnel								
b. Fringe Benefits								
c. Travel								
d. Equipment								
e. Supplies								
f. Contractual								
g. Construction								
h. Other								
i. Total Direct Charges (sum of 6a-6h)								
j. Indirect Charges								
k. Totals (sum of 6i and 6j)								

Use the following guidance for preparing the budget narrative:

#### 6.a. Personnel

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### Description:

[List all staffing positions by Name/Title proposed to support the activities in this grant application. If the position has not been filled, please insert the title only. Provide the percentage of each position's time devoted to the project or FTE (Full-time Equivalency) as it pertains to this grant application, total amount charged to the project, total federal share and non-federal share for the period of performance. Insert as many rows, as needed. Please include a brief narrative of the assigned roles, as it relates to the grant.]

#### Personnel Description Example

"The Project Manager will be responsible to work directly with companies to provide planning, compliance with program requirements, and manage performance metrics during the project performance period.

The Operations Manager will serve as the community outreach manager responsible for day-to-day operations, education, and networking requirements. He/she will be the primary point of contact for satisfying the operational needs of the incubator clients, coordinating events, and managing relationships with program mentors..."

#### **Staffing Plan:**

The Staffing Plan should identify and describe personnel and roles needed to implement the grant application. Applicants must submit a plan that lists all positions charged to federal and matching portions of the budget for each year of the of proposed grant performance period.

The staffing plan should provide the percentage of each position's time devoted to the project or FTE (Fulltime Equivalency), the total amount charged to the project, total federal share and non-federal share for the period of performance.

Name/Title	Annual Salary	Total Amount Charged to Project Year 1	Total Amount Charged to Project Year 2	Total Amount Charged to Project Year 3	Percentage of Dedicated Time	Total Federal Share	Total Non- Federal Share (Matching)

#### 6.b. Fringe Benefits

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### Description:

[Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement, etc.]

#### Fringe Benefits Description Example

"Fringe benefits for this project include medical, dental and vision plan options, 403(b)/401(k), and life insurance options..."

#### 6.c. Travel

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### **Description:**

[Specify the purpose, estimated number of trips, average cost per trip (air fare, hotel, per diem conference, certification fees etc.) and description of travel.]

#### **Travel Description Example**

"Travel expenses cover four trips, for recruitment of early stage companies as well as relationship management and enlistment of incubator programs, investor groups, and industry partners..."

#### 6.d. Equipment

o Year 1: [Estimated dollar amount]

o Year 2: [Estimated dollar amount; if applicable]

o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### **Description:**

[Identify each item of equipment you expect to purchase which has an estimated acquisition cost of \$5,000 or more per unit (or if your capitalization level is less than \$5,000, use your capitalization level) and a useful lifetime of more than one year (see <u>2 CFR 200.1</u> for the definition of *Equipment*). List the quantity and unit

cost per item. <u>Items with a unit cost of less than \$5,000 are supplies, not "equipment"</u>]. Equipment expenses may include limited Equipment installation costs, if approved by EDA.

#### Equipment Description Example

"Equipment expenditures - laboratory equipment and computer equipment. Wet lab equipment will be used for life sciences laboratory experiments and research, and includes ten microscopes, five centrifuges, and three refrigerators. Computer equipment includes audio-visual equipment and computers/devices for the purposes of providing education, remote mentorship, and business planning sessions for our client companies..."

#### 6.e. Supplies

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### **Description:**

[Identify categories of supplies (e.g., office supplies, to include laptops etc.) and list the quantity and unit cost per item. Supplies include all tangible personal property other than "equipment" (see <u>2 CFR 200.1</u> for the definition of *Supplies*).]

#### **Supplies Description Example**

"Supplies - standard office supplies such as paper, printing, binders..."

#### 6.f. Contractual

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### **Description:**

[Identify each proposed contract and specify its purpose and estimated cost. If applicable, identify any subrecipient or co-applicant agreements, including procurement method and estimated costs.]

Please see 2 CFR § 200.320 - Methods of procurement to be followed.

#### **Contractual Description Example**

"Contractual expenses include educational and external programming that provide early stage companies access to pre-seed workshops, startup modules, business modeling..."

#### 6.g. Construction

o Construction costs are unallowable under this competition; this line must be left as zero.

#### 6.h. Other

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### Description:

[If applicable, list any item not covered under the other categories including costs of programming events, speaker series, marketing, Information Technology and provide a description of the purpose and activities.]

#### **Other Description Example**

"Website marketing expenses - the development of marketing materials designed to generate awareness of, and interest in our Incubator program, to provide interactive education and event coordination to promote and attract early stage companies and innovation hub participants to our Incubator program..."

#### 6.i. Total Direct Charges (sum of 6a-6h)

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### 6.j. Indirect Charges

o Year 1: [Estimated dollar amount] o Year 2: [Estimated dollar amount; if applicable] o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### **Description:**

[If you include indirect costs in the budget, please provide the approved indirect cost rate with a copy of your Negotiated Indirect Cost Rate Agreement (NICRA). If electing to charge a de minimis rate of 10 percent of modified total direct costs, the applicant must include a statement in its Budget Narrative that it does not have a current negotiated (including provisional) rate and is electing to charge the de minimis rate. (2 C.F.R. Sec. 200.414(f))]

# 6.k. Totals (sum of 6i and 6j)

o Year 1: [Estimated dollar amount]

o Year 2: [Estimated dollar amount; if applicable]

o Year 3: [Estimated dollar amount; if applicable]

Federal Share: [Requested Federal Share] Matching Share: [Proposed Matching Share]

#### APPENDIX B EXAMPLE OUTPUT AND OUTCOME MEASURES

Applications for all competitions under this NOFO will be evaluated on their approaches to measuring their stated goals including activities, outputs, and outcomes. See, e.g., section E.1 (p. 18). Applicants are encouraged to consider a broad range of relevant output and outcome measures in developing their proposed scope of work. For each output or outcome measure identified, why the metric was chosen or identified should be included. Examples of such output and outcome measures include the following:

Program Activities	Metrics			
Output	# of business concepts reviewed			
	# of entrepreneurs/startups participating in program			
	# of outreach events (includes workshops, boot camps, training sessions,			
	entrepreneurial education training, meet ups, networking, demo days etc.)			
Outcome	Total amount of investment capital raised
